TAURUS

STANDARD MOBILE STATION
FOR INDUSTRIAL AND FOOD & BEVERAGE APPLICATIONS

FEATURES:

» VERSATILE MOBILE WORK ENVIRONMENT

» SUPPORT FOR PC AND TAURUS MONITOR

» REMOVABLE COMPARTMENTS

» AISI 304 STAINLESS STEEL

» IP67 PROTECTION LEVEL

» INTEGRATED BATTERY PACK

The Iris Display mobile workstation is a cutting-edge stainless steel V2A workstation designed to meet the demands of industrial, food and beverage, and pharmaceutical applications. With its stainless steel construction and integrated components, this mobile workstation offers exceptional functionality and versatility. It is designed to simplify tasks and enhance productivity, making it an ideal solution for professionals working in extreme industrial environments.
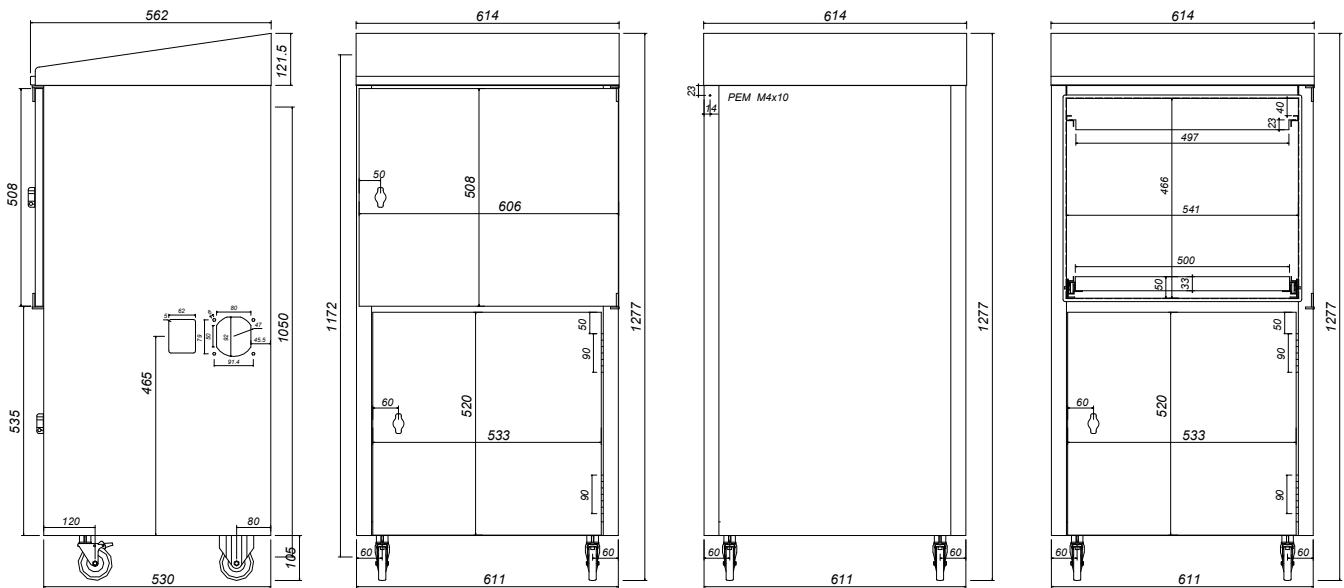

TAURUS

STANDARD MOBILE STATION
FOR INDUSTRIAL AND FOOD & BEVERAGE APPLICATIONS

DIMENSIONS:

CUSTOM CONFIGURATION

The Taurus line Industrial Panel PCs and Monitors are designed for applications in extreme industrial environments (food & beverage, chemical, pharmaceutical sectors, etc.). Their design complies with IP67 standards and protects the entire system from damage caused by external factors such as water and dust. The solid and resistant structure, therefore, allows use in outdoor environments (intense light conditions or heavy rain), dusty or humid work spaces (food factories) and other more extreme applications (steel mills, processing stations and boats, etc.).

IP67 FRONT PROTECTION

Liquid / dust proof hardware and IP67 rated connectors.

SUNLIGHT READABLE

The high brightness displays (1000 nits) with anti-reflective technology, allow the image to be readable even when exposed to intense sunlight.

NOTES: These are simplified drawings because some components are not detailed, for more information contact the manufacturer.
